

Social Distance Compliant RACINE ROAD RALLY 2020

Drive carefully! There is no time constraint. It is best to choose one person to read ahead in the clues and (if you have enough participants) to designate others to watch for upcoming clues. Fill in the blanks as you go along. This road rally CAN however be done by a single person. Either way, pull over anytime you are confused, need to finish writing out answers or have to retrace your steps. Do NOT be a distracted driver! Only calm, experienced drivers behind the wheel please!

You can expect the game to last about 1-2 hours, depending on your skill level. It must be done in daylight hours so don't start after about 5 p.m. GO POTTY BEFORE YOU HEAD OUT! And maybe bring some snacks along. 😊

It is more fun if you DON'T use Google Maps. I can't stop you from using it, but it will likely cause more problems than it will solve. It is also WAY MORE FUN if you don't look at the clues until you are at the starting destination. If we were not social distancing, we would typically hand you the printed clues just before you take off. To have them earlier kind of ruins things. You are on your honor.

This little icon means a photo is required. This is your chance to entertain us. Include as much of your team as possible in the photos and make them entertaining. If you are doing the rally alone, do selfies for the photos. You will post your photos on the appropriate thread once you're safely back home again.
